**STUD AGREEMENT**

We, .....

Agree with **Ms J & Miss S Lamont of** .....  
that any puppies resulting from the mating on .....  
between our bitch, ..... (who is at  
least 12 months old) and our stud dog **LaRoyal Lordship (Bailey)** will not be sent to their new  
homes prior to the age of eight weeks. Any puppies going to new homes will have been checked by a  
vet to state they are in good health, if in any doubt at point of sale. They will be covered with free  
pet insurance for a minimum of six weeks from organisations like the Kennel Club.

Buyers will be carefully vetted for suitability and will be asked to sign a contract, which will indicate  
when the puppy was last wormed, approx weight on date of sale, a picture or description of the  
puppy. Puppies are sold primarily as pets and companions for life. That the buyer agrees to insure  
the dog throughout its life and if possible have it micro-chipped. That the puppy is not an investment  
in any financial sense as its value to other potential owners depreciates exponentially with every day  
it gets older.

That the Kennel Club registration certificate will be if possible endorsed “not for export ” and  
“progeny not eligible for registration”, the suggested latter may be lifted if a Breed Council Health  
Check examination is completed. New owner is made aware of all endorsements; overseas buyers  
must collect the pup in person, or have been seen in person at least once at some of the transaction.  
The buyer should also agree that should circumstances change the puppy will not be sold on, but  
returned to the breeders for re-homing. That the puppy is taken to the buyers vet within two working  
days for it to be checked and if found to be in any way unsuitable to be returned for a full refund. A  
sales contract must indicate that the pup is to be house and lead trained, and advice given on how  
this is done. A full diet sheet is to accompany each pup and buyers are to be encouraged to buy and  
read a book on Bulldogs e.g. *The Pet Owners Guide to the Bulldog by Judith Daws available at WH  
Smiths* (ISBN =1860541127). The buyers of a bitch puppy must agree not to breed her before the  
minimum age of 12 months and at maximum limit her to three litters in her lifetime.
